## Product Description

**The Tuckers Cone Art Kiln model BX2327D is the most popular kiln that we produce!**

**The large 7 cubic foot capacity makes it an ideal kiln for the busy home studio or school classroom.**

**It is a double insulated kiln with 2.5 " of premium firebrick plus 1" of block insulation. This double insulation saves approximately 30% in electricity costs and the jacket remains cooler.**

**The perfectly designed Kanthal A-1 elements allow it to fire to come 10 with ease and the unique floor element ensures an even firing.**

**Three-zone control with the Bartlett electronic controller comes at NO EXTRA CHARGE so the kiln will fire perfectly time after time. Now, also a standard feature, Tuckers Cone Art Lid Lifter at NO EXTRA CHARGE. Lift the lid with one finger!**

**There is no kiln on the Market today that has as many excellent features at such a good price as the Tuckers Cone Art BX2327D.**
